# EXOTIC COLLECTION

Our unique designs, with their elegant and premium aesthetics, offer timeless beauty to all surfaces.

BAHIA

## Bahia

Bahia is designed to perfectly imitate the stunning beauty of natural Super White stone. This is a significant milestone as it's the first time an engineered product has been able to mimic the dramatic characteristics of Super White in nature.

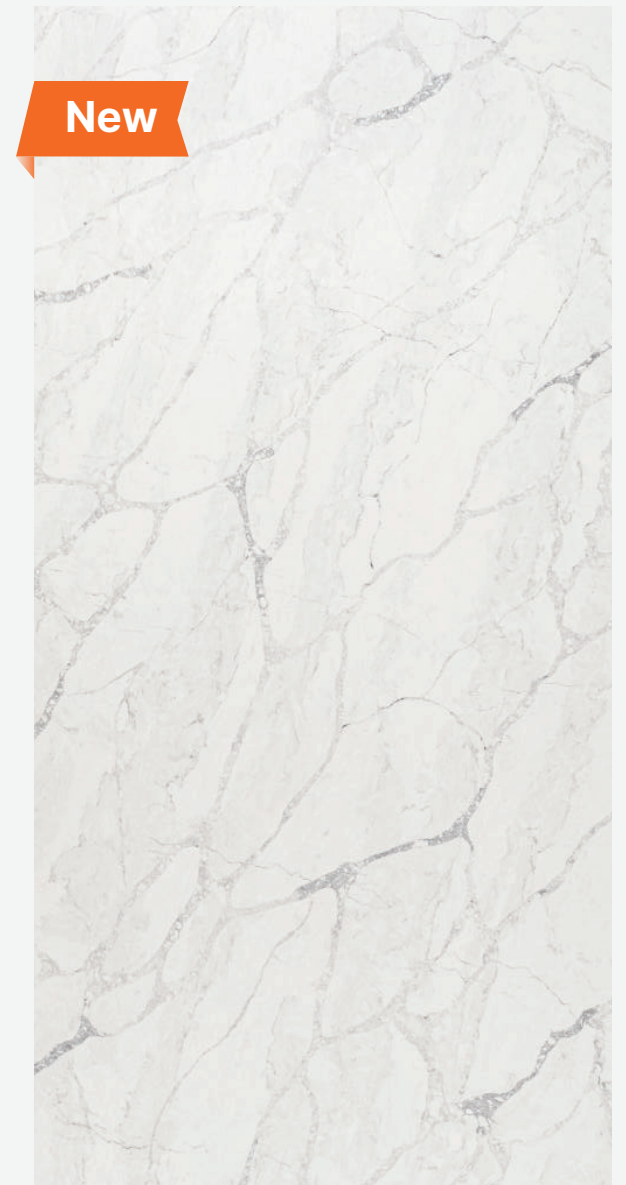

**Bahia** BQ8883

## Grey Monet (Honed)

Grey Monet takes inspiration from natural marble formations and rugged cliffs, blending white tones with bold grey veins. Available in a honed finish, it offers a smooth touch to enhance the design.

# CALACATTA COLLECTION

Vicostone made history by introducing our inaugural Calacatta design at Marmomac in 2011. This breakthrough brought the exquisite charm of Calacatta marble to life through a top-quality quartz slab. Since then, we've continued to innovate, creating a diverse range of designs inspired by the classic elegance of Calacatta marble. Our pioneering efforts have established Vicostone as the trailblazer in crafting engineered stone with the captivating look of Calacatta marble.

AMARCORD

# Mangata

Mangata, our latest design, beautifully combines delicate white veins with rich brown and gold tones that elegantly flow across a sophisticated background reminiscent of avorio marble. This enchanting design has gained immense popularity due to its refined beauty and authentic natural appeal.

# THUNDER COLLECTION

Lake Maracaibo in Venezuela is renowned as the “Paradise of Thunder Dances”, witnessing around 3 million lightning strikes annually, drawing renowned photographers worldwide to capture these awe-inspiring moments. Notably, the brilliance of lightning at this lake is so intense that it remains visible from distances of up to 400 km, aiding sailors to navigate the expansive ocean even in darkness. Inspired by this remarkable natural spectacle, we’ve harnessed the vitality of these vibrant lightning bolts within the Thunder Collection, infusing the vigor of Mother Nature through quartz.

## NATIONWIDE DISTRIBUTION CENTERS

## WHY VICOSTONE IS YOUR TOP CHOICE

01

**Global Capacity:** With our six state-of-the-art Italian Breton production lines operating 24/7, Vicostone ranks as one of the largest suppliers of Engineered Stone countertops worldwide

02

**Top Quality:** Vicostone offers the best quality and most durable engineered stone on the market. Our slabs outperform other suppliers in terms of glossiness, hardness, and density.

03

**Unique Design:** Vicostone provides natural-looking and unique designs that cannot be found elsewhere. Competitors often take us as an example and draw inspiration from our designs.

04

**Competitive Prices:** Our recent vertical integration of the supply chain for quartz and resin allows us to manage manufacturing costs and maintain quality control.

05

**Versatile Slab Sizes:** We offer Jumbo slabs sized at 65" x 130" for enhanced material yield and seamless installation over large spans. Additionally, we provide half slab sizes to optimize material utilization for each project.

06

**Nationwide Network:** With our warehouses and showrooms across Canada, we proudly serve the entire country, establishing ourselves as a trans-Canada company.

07

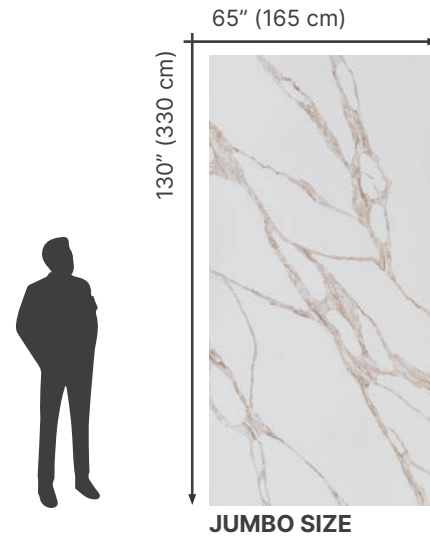

**High Recognition Customer Service:** Our sales and customer service team receives high recognition from our dealers, providing exceptional support and service in the market.
