

VICOSTONE
The Art of Quartz

CELEBRATING IN CANADA

2026 marks a remarkable milestone: 10 years of Vicostone Canada Inc. serving our clients, partners, and communities across Canada with premium surfaces that offer refined aesthetics, premium durability and seamless functionality.

Over the past decade, our journey has been defined by passion, innovation, and a commitment to excellence. From the very first slab we brought to Canadian homes to every ambitious project we've been part of, we've strived to deliver products that inspire creativity, elevate spaces, and meet the highest standards of craftsmanship.

As we celebrate this milestone, we reflect on the achievements of the past ten years while looking forward to the future with excitement. The next decade promises more innovation, more beautiful surfaces, and more opportunities to make every space extraordinary.

From all of us at Vicostone Canada Inc., thank you for being part of this journey. Your support, trust, and partnership have made these 10 years possible. Here's to continuing to craft exceptional surfaces and inspiring spaces for many years to come.

Marking 10 years of excellence, Vicostone Canada unveils the 2026 Collection - redefining living spaces with nature-inspired aesthetics and advanced technology.

DISCOVER THE VICOSTONE ADVANTAGE

New Showrooms: Richmond BC, Cambridge and Quebec City QC.

GLOBAL CAPACITY

Powered by six cutting-edge Italian Breton production lines, Vicostone stands as a global leader, recognized among the largest suppliers of engineered stone countertops worldwide.

NATIONWIDE REACH

With a nationwide network of warehouses and showrooms across Canada, Vicostone proudly serves our entire nation, solidifying consistency and reliability as a leading Canada wide company.

VERSATILE SIZING OPTIONS

Vicostone provides Jumbo slabs, measuring 65” x 130”, ensuring optimal material yield and seamless installation for large-scale projects. We also offer a cut half slab format for efficient material use, tailored to the specific needs of each project.

HIGHLY VALUED & RECOGNIZED CLIENT CARE

Our dedicated sales, client service and leadership teams are celebrated by our dealers for their commitment to excellence. They consistently provide exceptional support and outstanding service, making a positive impact in the market.

UNCOMPROMISING QUALITY

Vicostone offers premium quality and the most durable engineered stone on the market. Our slabs outperform other suppliers in terms of glossiness, hardness and density.

DISTINCTIVE DESIGN

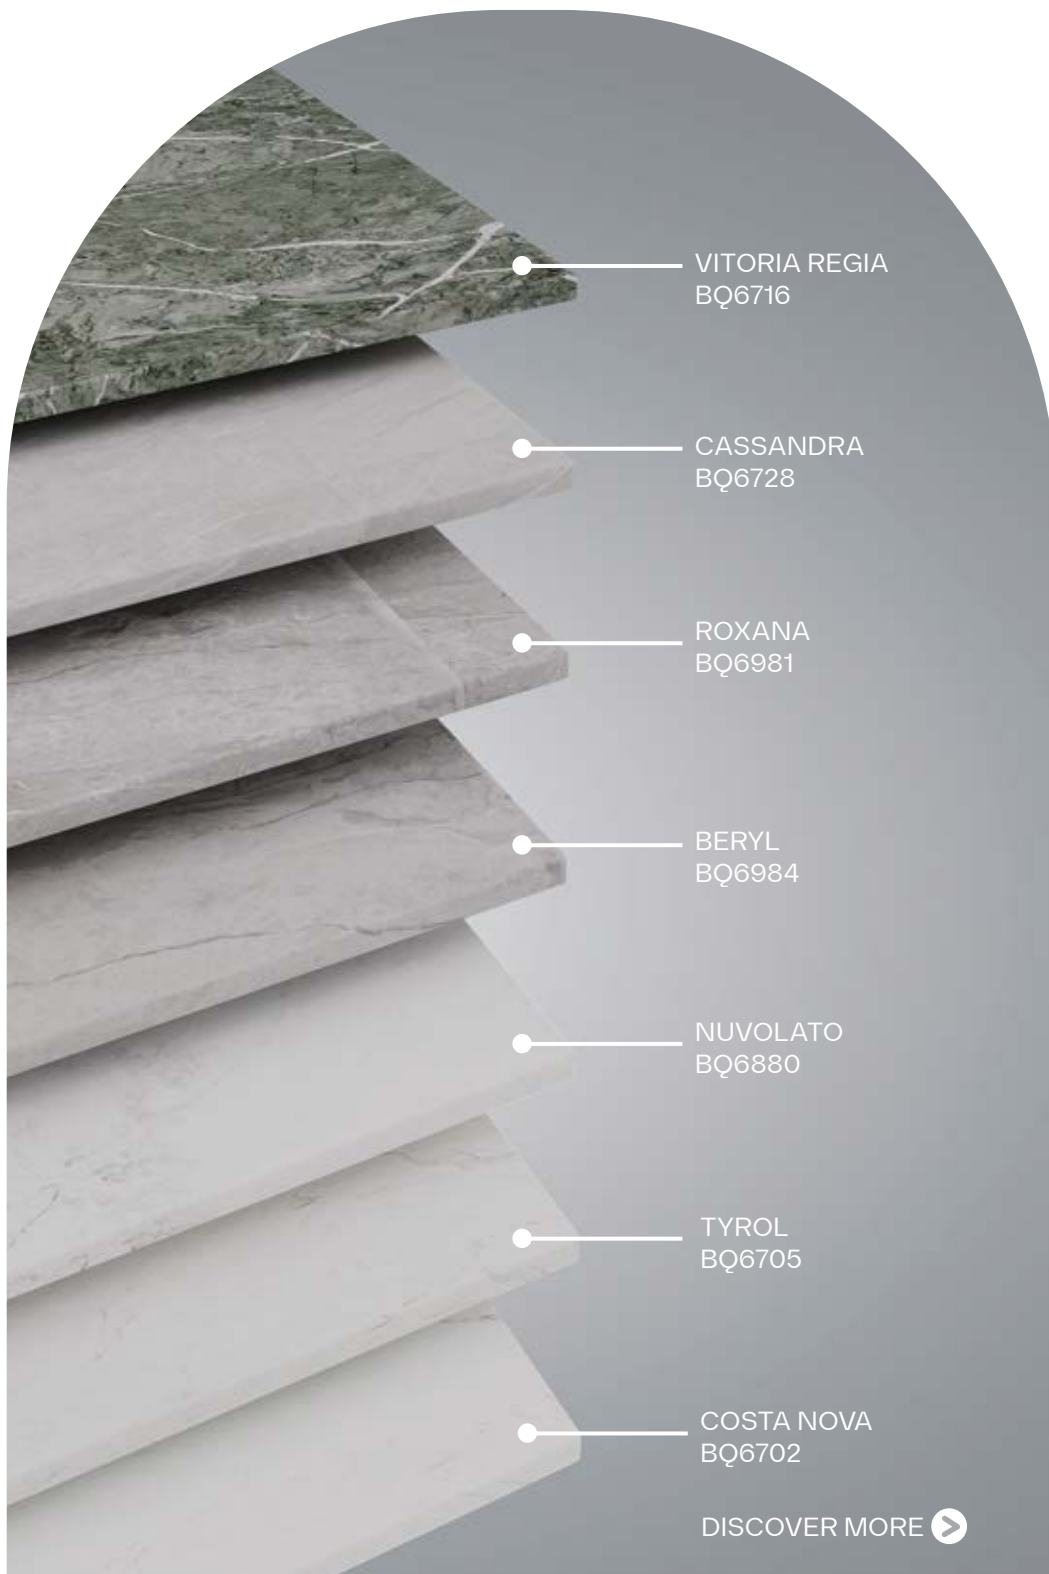

Vicostone offers designs that are both natural-looking and distinctive. We are setting industry benchmarks, inspiring and providing originality which set us aside, giving our clients more options and satisfaction.

COMPETITIVE ADVANTAGE

Our recent vertical integration of quartz and resin supply chain empowers us to control costs while maintaining stringent quality standards, allowing us to offer competitive pricing without compromising excellence in product outcomes.

EXOTIC COLLECTION

NEW

VITORIA REGIA BQ6716

Vitoria Regia brings the serene beauty of nature into your space with its soft sage green background and intricate white veining, inspired by the rich depths of rainforests and natural quartzite. The smooth transitions between colours offer visual depth and a delicate contrast, creating a calming yet sophisticated surface.

CASSANDRA BQ6728

Cassandra embodies the allure of Brazilian Taj Mahal quartzite, featuring a light gray base with graceful movement and refined design. Its distinguished white gold, and taupe vein pattern adds luxurious style to interior designs.

NEW

ROXANA
BQ6981

Roxana evokes the warmth of cloudy skies at sunset, glowing with mesmerizing amber and earth tones. It captures the subtle interplay of light and shadow, creating artistic depth that enhances modern spaces.

NEW

BERYL
BQ6984

Beryl reflects the serenity of a sunrise, when soft gray and pale blue clouds embrace dawn's first light. Its tranquil, airy palette inspires calm and creative aspirations, perfect for interiors seeking peaceful and sophisticated elegance.

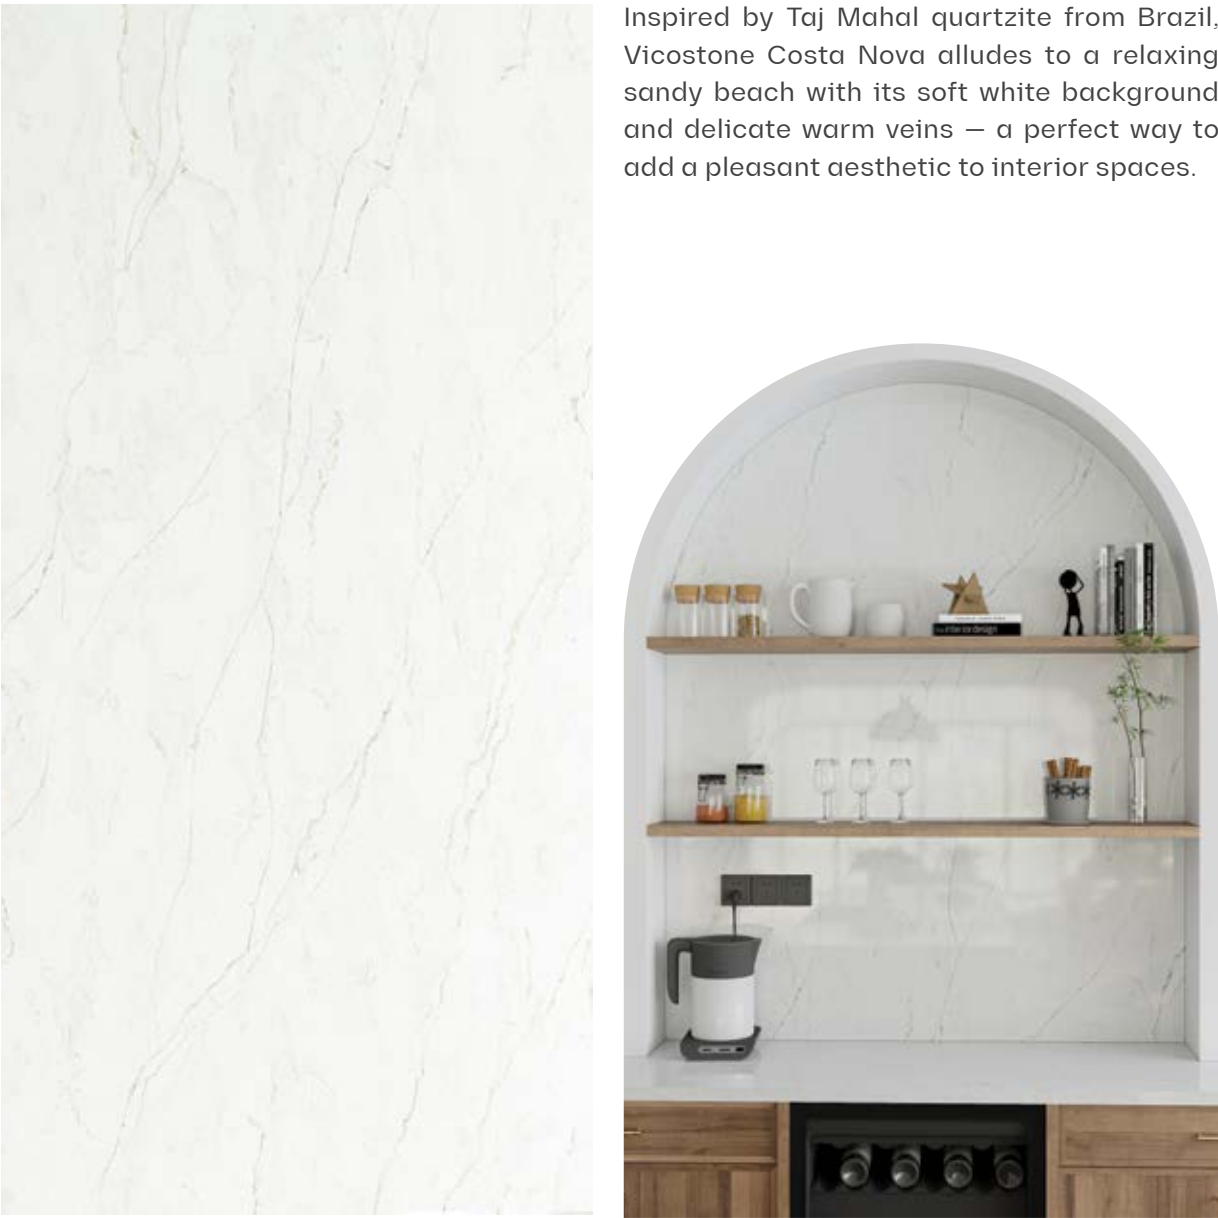

TYROL BQ6705

Tyrol is inspired by natural quartzite stone, as well as sea cliffs, with the combination of a several shades of white and strong dark gray veins. The background features different colour bonds with a slight contrast, but still maintains the beautiful depth of Quartzite with a smooth transition to all layers

COSTA NOVA BQ6702

Inspired by Taj Mahal quartzite from Brazil, Vicostone Costa Nova alludes to a relaxing sandy beach with its soft white background and delicate warm veins – a perfect way to add a pleasant aesthetic to interior spaces.

MARMORIS BQ6801

Marmoris is inspired by natural Calacatta with big veins and small veins running through the whole slab, creating a visual effect that increases the depth of the product. The thin, golden gray colour veins increase the overall warmth, making the product more trendy and unique.

LACUS

BQ6803

Inspired by the intense contrasts and dynamic shifts of a tempestuous sky, Lacus captures the raw, elemental power of nature. Its striking patterns and deep hues bring the energy and majesty of stormy skies into any space.

MANGATA
BQ6805

ADAMELLO
BQ6881

NUVOLATO
BQ6880

ESMERALDA BQ6882

Inspired by the soft, billowy mists that drift across mountain ridges, this surface brings a sense of calm and quiet mystery into any space. With its distinctive jade-green tone, interwoven with grey and silver veining, Esmeralda captures the ethereal beauty of fog-kissed landscapes with effortless elegance.

NATURAL COLLECTION

MISTERIO
BQ8815

Misterio entangles brown and gray vein layers spreading over a luxurious white marble-look background. Its elegance and natural aesthetic has led it to become one of our most popular designs.

MISTERIO GOLD
BQ8820

GOLDEN POLARIS BQ2616

Golden Polaris captures the autumn warmth of pristine day-lit mountain valleys with rich golden-brown veins flowing across its surface like fallen leaves on alpine waters. It adds a timeless sophisticated warmth to your interiors.

NEW

POLARIS
BQ2612

Polaris transports you to tranquil glacial lake in the middle of winter. Meshed veins like light cracks in the glacial lake surface

MULTI-UNIT PROJECTS

Vicostone is the trusted choice of leading design firms in Canada when it comes to selecting kitchen, island and vanity countertops for multi-unit projects. Here's why Vicostone stands out as the ultimate surface option for such endeavors:

- Large inventories and nationwide distribution centers ensure peace of mind regarding lead times and stock availability.

- Competitive pricing options range from classic designs to marble looks and high-end selections, accommodating various project owner budgets.

- Our brand's reputation and commitment to premium quality enhance the overall value of your projects.

PRODUCT INFORMATION

Half slabs are available in all designs and thicknesses, except for special order colours.

SURFACE FINISHES: Polished and Honed

THICKNESS	JUMBO SLAB WEIGHT	LBS/FT ²
2 cm (3/4”)	601 lbs	10.24 lbs/ft2
3 cm (1 1/4”)	901 lbs	15.36 lbs/ft2

Weight may vary between different designs.

TECHNICAL SPECIFICATIONS

SPECIFICATIONS	TEST METHOD	RESULTS
Water Absorption	ASTM C97 / C97M-18	≤ 0.02 %
	BS EN 14617-1:2005	≤ 0.02 %
Apparent Density	ASTM C97 / C97M-18	2.1 – 2.3 g/cm³
	BS EN 14617-1:2005	2.1 – 2.3 g/cm³
Flexural Strength	ASTM C880/C880M-18	Fine and medium grain: ≥ 55 MPa Coarse grain: ≥ 41 MPa
	BS EN 14617-2:2016	Fine and medium grain: > 60 MPa Coarse grain: > 40 MPa
Compressive Strength	ASTM C170/C170M-17	Dry: ≥ 200 MPa
	BS EN 14617-15:2005	Dry: ≥ 185 MPa
Chemical Resistance	ASTM C650-04:2014	Unaffected
	BS EN 14617-10:2012	Class C4
Dimension Stability	EN 14617-12:2012	Class A
Impact Resistance	ASTM C1870-18	36-inch ball drop: ≤ 0.25 in 48-inch ball drop: ≤ 0.27 in
	BS EN 14617-9:2005	> 4 J
Abrasion Resistance	ASTM C501-84:2015	Abrasive Wear index: I _w ≥ 179
	BS EN 14617-4:2012	Volume of chord: V ≤ 165 mm³ Chord length: l ≤ 27 mm
Thermal Shock Resistance	ASTM C484-99:2014	No visible damage after 10 cycles
	EN 14617-6:2012	No Visible defects after 20 cycles Change in mass: ≤ 0.05% Change in flexural strength: - 8.4% ÷ 5.4%
Freeze-thaw Resistance	ASTM C1026-13:2018	No visible damage after 300 cycles Wt.Loss: ≤ 0.09%
	EN 14617-5:2012	No obvious damage after 20 cycles KM ₂₅ = 93 ÷ 105%
Mohs's Scratch Hardness	EN 101: 1991	≥ 6
Slip Resistance	DIN 51130:2014	R9 at Honed 400
	ASTM C1028-07	Static coefficient of friction - Dry: 0.7 ÷ 0.8 (Polished/Honed finish) - Wet: 0.5 ÷ 0.7 (Polished/Honed finish)
Microbial Resistance	ASTM D6329-98	Ranking 3: Resistant to Mold Growth
Stain Resistance	ASTM C 1378-04:2014	Class A (Polished finish)
Surface Burning	ASTM E84	Class A

DISCLAIMER

Shade and graining of actual product may vary from printed sample. We recommend ordering a sample or viewing a full slab at a retail location, showroom or design center.
